We also check third party financial crime and anti-fraud databases to validate the information. Financial crime checks are performed as a public interest under the 4th EU Money-Laundering Directive.

If any of your details change, please notify us at the earliest opportunity, so we can update our records.

When you make payments to and from accounts, we work with Barclays, Skrill, Nettle and SafeCharge, who are the Data Controllers for that payment information. Please see their websites for their privacy notices.

To provide our services, we use Data Processors in UK, Cyprus and Hong Kong, under formal contracts. When transferring data outside the EU, we use EU approved Model Clause contracts.

We have legal and regulatory obligations to retain your data, including account usage and trade history, for 6 years after you close your account. We may retain some of your data for longer if there are specific legal requirements or on-going discussions.
